

The Village of Schuylerville offers assistance if you have a tree that needs to be taken down that is in the right of way. The right of way is that area that is between the sidewalk and the road in front of a residence or business.

You must apply for assistance to the village board of trustees and provide quotes from three different contractors. Once the board has approved one of the quotes, you may proceed with the removal. After the invoice has been paid to the contractor, the resident will present the board with the paid invoice and a cancelled check to get the reimbursement which is 50% of the full cost up to \$1,500.00.
